

# BELLAGIO

## WATER FEATURES CONTROLLER

The BELLAGIO allows to animate all deck jets and others water features installed around your pool, in your splash pad or fountain.

It could be autonomous or connect to an automation system from Hayward, Pentair, Jandy, etc...

The BELLAGIO kit includes:

- 1 x Interface that can control up to 4 solenoid valves
- 1 x power supply 110V (AL12DC)

It includes 7 menus already pre-programmed to animate your back yard. Easy to install, no programming is required.
